Hi Afrooz,

See the latest attached Permit Issuance Plan we'd received from Gur, as requested. You may recall we'd discussed the commitments for RB1, RB6, and RB9, and you were planning to have follow-up calls with them to see if they would commit to 20%, as required by the 106 Workplan (see second attachment) – did you update the numbers for these Boards subsequently? Please let me know.

Many thanks,

Amelia Whitson

Thank you Gur! I do have one question: Section 4.1.3 of the 106 Workplan requires all Regional Boards with less than 83% current to commit to issuing/reissuing/terminating at least 20% of their permit universe each year. However, it appears that RB1, RB6, and RB9 have committed to less than this. Can you please work with these RBs to get a revised list that covers 20% of their respective universes?

I'm cc'ing our liaisons here who work with these RBs so they're aware and can support this effort as needed.

Many thanks again,
Amelia
